

**Bangon**

The **complete** design  
and print service.

# We really can do everything. From simple business cards and brochures to signage & exhibition packages.

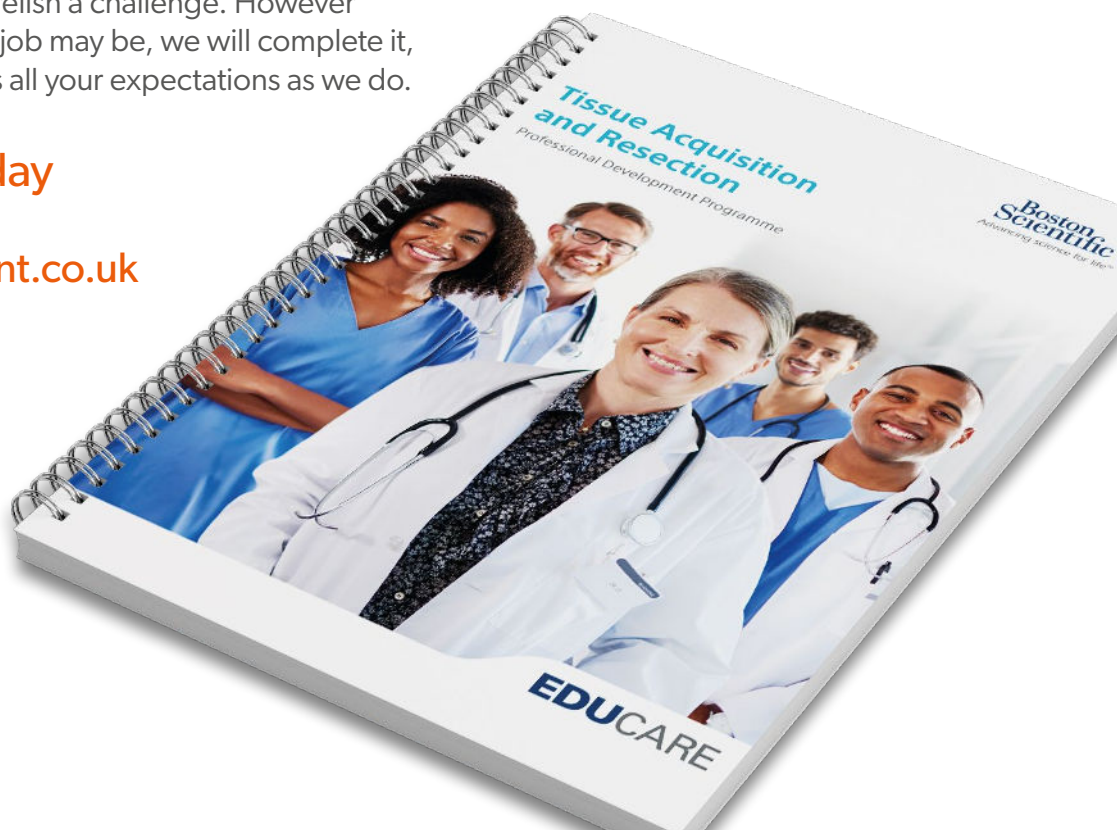

We are a full service print studio, catering to all your print and design requirements. Established in the heart of Newcastle upon Tyne for over 15 years, we are specialists in print services for all commercial & business organisations, individuals, students, and everyone in between. Our services are not limited to the North East, providing a speedy delivery service to anywhere in the UK, or internationally when required.

Although born into the age of all things digital, we offer traditional lithographic printing in addition to our top of the range digital printing facilities. We have ensured that our products are available to be printed on 100% recycled, FSC certified materials, meaning our service is also environmentally conscious.

We pride ourselves in being able to provide great service at an affordable rate, and we relish a challenge. However complex or unique your job may be, we will complete it, endeavouring to surpass all your expectations as we do.
